Acting Chairman Corbett then turned the business of the meeting over to Dennis Mullen.

First, Mr. Mullen set forth the guidelines regarding comments by the public on matters on the Agenda.

Mr. Mullen then asked the Directors to approve the Minutes of the December 18, 2009 Directors' meeting. There being no changes or corrections, upon motion duly made and seconded, the

Mr. Stout then asked the Directors to authorize ESD to extend and modify and to take all related actions with respect to the extension of the current loan in connection with the Moynihan Station Civic and Land Use Improvement Project.

Following Mr. Stout's detailed presentation of the specifics of this request, Mr. Mullen spoke favorably with regard to the value of the air rights associated with the Farley Building and noted that the improvements made will move the Corporation toward monetizing the value of those air rights.

Mr. Stout noted that the value will be many multiples of the loan amount.

Mr. Mullen then called for questions or comments from the

Directors and from the Public. Director Corbett asked for an update on the TIGER funding. Mr. Stout stated that the Corporation has applied for a TIGER grant which is a federal Department of Transportation stimulus funding program.

Mr. Stout went on to note that the Corporation will know on or before February 17th whether or not the funds will be granted. He added that the Corporation remains cautiously optimistic with regard to that grant.

There being no further questions or comments, and upon motion duly made and seconded, the following resolution was unanimously adopted:

Mr. Gawlik then asked the Directors to authorize the issuance of a Final Generic Environmental Impact Statement for the Erie Canal Harbor Development Corporation's Canal Side Project.

The Directors were also asked to authorize the issuance of a Notice of Completion with regard to same.

Following Mr. Gawlik's detailed presentation of the specifics of this request, Mr. Mullen remarked that he was present at the Erie Canal Harbor Development Corporation Directors' meeting last week and that he is very pleased with that subsidiary's implementation of this Project.

The Chairman then called for questions or comments from the Directors and from the public.

Director Corbett commented that he is excited to see this Project coming to fruition. He went on to ask Mr. Gawlik questions with regard to the funding of certain of the expenses and Mr. Gawlik provided him with a brief breakdown of the funding sources, both public and private.

Superintendent Neiman then asked for an overview of the issues raised by various individuals and how they were responded to by staff in preparation for the issuance of the GFEIS. Mr. Gawlik provided this information to the Directors.

Director Corbett commented positively with regard to the number of jobs that will be created as a result of the project moving forward.

Mr. Mullen noted that Erie Canal Harbor Development Corporation has done an outstanding job with regard to public outreach in connection with this Project.

There being no further questions or comments, and upon motion duly made and seconded, the following resolution was unanimously adopted:

Mr. Mullen then asked Ms. Shaffer to present one
Administrative and five Discretionary Projects on the Agenda

Ms. Shaffer presented items 5 through 11 as referenced on
the meeting Agenda. Ms. Shaffer provided a brief synopsis on
each of the items to be considered by the Directors.

In summary, Ms. Shaffer noted that the Directors were being asked to approve five grants totaling \$3,960,000 that will leverage approximately \$20 million of investments, ensure the retention of 1,181 existing jobs and the creation of 975 new jobs in New York State.

Following Ms. Shaffer's full presentation, Mr. Mullen provided a brief update on the Champlain Bridge Recovery Fund. He noted, in part, that because the bridge closure has been particularly challenging to the community, the threshold of a 20 percent loss factor has been reduced to 15 percent. Mr. Mullen provided closing comments, noting his appreciation to those members of ESD who have worked diligently with the Governor's Office to put together a strategic direction as well as a strategic thrust related to economic development in New York State.

Mr. Mullen also commended Warner Johnston on his successful and economical redo of the ESD website.

Mr. Mullen further noted that ESD has put out a newsletter from his desk and that that newsletter will be provided on a monthly basis to all of ESD's constituents.

Mr. Mullen further noted that the newsletter will also be sent to the legislators to keep them aware and to improve the overall communication from this organization to each of their offices.

Lastly, Mr. Mullen noted that he is embarking on a five City tour with the Commissioner of the Department of Labor to relay information on that Department's very business friendly economic development initiatives.

There being no further business, the meeting was adjourned at 11:15 a.m.

Respectfully submitted,

Eileen McEvoy
Corporate Secretary
