

2009 New York State International Trade Mission to Buffalo

Bringing the World to Buffalo

A delegation of 60 Foreign Trade Commissioners from 37 different nations was assembled for a two-day trade mission to Buffalo and Niagara Falls on April 29-30, 2009. The foreign officials met with local business leaders and were given tours of the region. Stops included the Buffalo Niagara Medical Campus, University at Buffalo and the Niagara Power Vista. The foreign officials also attended several panels and discussions highlighting the region's emerging technology sectors and facilities. The visit to Buffalo was designed to foster investment and job creation between international business interests and local business in Western New York.
