

NEW NEUROSCIENCE FACULTY CONFERENCE

March 19, 2012

Register by February 29, 2012

Co-Hosted by:
National Institute of Mental Health
National Institute of Neurological Disorders and Stroke
Cold Spring Harbor Laboratory

Supported by the Alfred P. Sloan Foundation

Featuring Extramural Scientific Program Leaders of the National Institutes of Health together with Neuroscience Study Section Members

If you are a new faculty member trying to secure your first independent neuroscience research award from the National Institutes of Health (NIH) don't wait a minute to register for this one day conference. The conference provides an opportunity for new Assistant Professors conducting basic and/or clinical neuroscience research to interact with key NIH scientific program leaders and gain information about agency and institute research priorities as well as insights to the ever-changing and challenging peer review process. The goal is to help new neuroscience investigators successfully compete for independent research grants from the NIH.

Dr. Thomas Insel, Director of NIMH, Dr. Story Landis, Director of NINDS and Dr. Richard Nakamura, Acting Director of the NIH Center for Scientific Review (CSR) along with many program representatives from NIH Neuroscience institutes are scheduled to attend. In addition, NIH CSR Study Section Chairs and members will be participating.

This event is specifically designed for new research faculty in the neurosciences, focusing on scientific issues and challenges in securing independent research funding. The conference is targeting faculty and will not cover grants management or administrative compliance related issues.

Participation is limited to 300 registrants, so please visit the following web site and submit your registration today!

For inquiries, please contact Dana Lynn-Swenson dswenson@cshl.edu or by phone at (516)367-8360

Conference Planning Committee:

Susanne Ahmari, MD, Ph.D.
Assistant Professor of Clinical Psychiatry, Columbia University

Florin Albeanu, Ph.D.
Assistant Professor, Cold Spring Harbor Laboratory

Anne Churchland, Ph.D.
Assistant Professor, Cold Spring Harbor Laboratory

Shaoyu Ge, Ph.D.
Assistant Professor, SUNY Stony Brook

Charles Hoeffler, Ph.D.
Assistant Professor, New York University Medical Center

Steve Shea, Ph.D.
Assistant Professor, Cold Spring Harbor Laboratory

Feng Zhang, Ph.D.
Assistant Professor of Neuroscience, Massachusetts Institute of Technology
