CHANGES IN THE INFORMATION FOR BIDDERS

New Section

Existing Event Holds & Bookings

So as not to interrupt the event business at Farley, MSDC will show the event spaces and honor all hold and booking requests received prior to, as well as during, the RFQ procurement process. Upon the entering into the contract with the Exclusive Events Marketing and Management Firm or Person, MSDC will transfer to the contracting party, under the same compensation arrangement outlined in the RFQ, the management of the events that are scheduled to occur after the date of such contract.

The following answers and clarifications are provided in response to the questions received under this project:

Q1. We would like to submit a proposal but I just read the RFQ document and noticed that we missed the pre-bid meeting today. Are we still able to submit our proposal?

A1. **Yes. The pre-bid meeting was for informational purposes only. Submissions will be accepted whether or not the bidder attended the pre-bid meeting.**
