

Joint Solicitation for the Development of the Empire Station Complex

Addendum #11

Release Date: April 19, 2016

As a follow-up item to Addendum #10, the Project Sponsors are publishing the following Q&A response for prospective Respondents to the Farley RFP and/or Penn RFEI/RFQ:

Question: In Addendum #10, can you clarify what is meant by “strong preference given to submissions that utilize government processes and procedures as are within the exclusive purview of the applicable Project Sponsor?”

Answer: Respondents to the Farley RFP and/or Penn RFQ/RFEI should propose improvements and provide schedules for improvements that only require governmental approvals within the power of the sponsors and that do not require municipal, federal or other approvals that are not within the power of the sponsors to grant. Proposals that follow this guideline will receive strong preference, as set out in the addendum.

The foregoing is added to and made part of the Farley RFP and Penn RFEI/RFQ.

Of note, this is anticipated to be the last addendum impacting Proposals prior to the deadline for this Solicitation, though, if necessary, additional addenda may be posted prior to the deadline to submit responses, and additional information may be provided to Respondents following the deadline.

Any questions regarding this addendum may be submitted to the designated contact account for this solicitation at empirestation@esd.ny.gov. To receive updates when new addenda, if any, are posted to the ESD website, please email empirestation@esd.ny.gov.
