DIVISION OF MINORITY AND WOMEN'S BUSINESS DEVELOPMENT

Annual Report Fiscal Year 2012-2013

The Division of Minority and Women’s Business Development

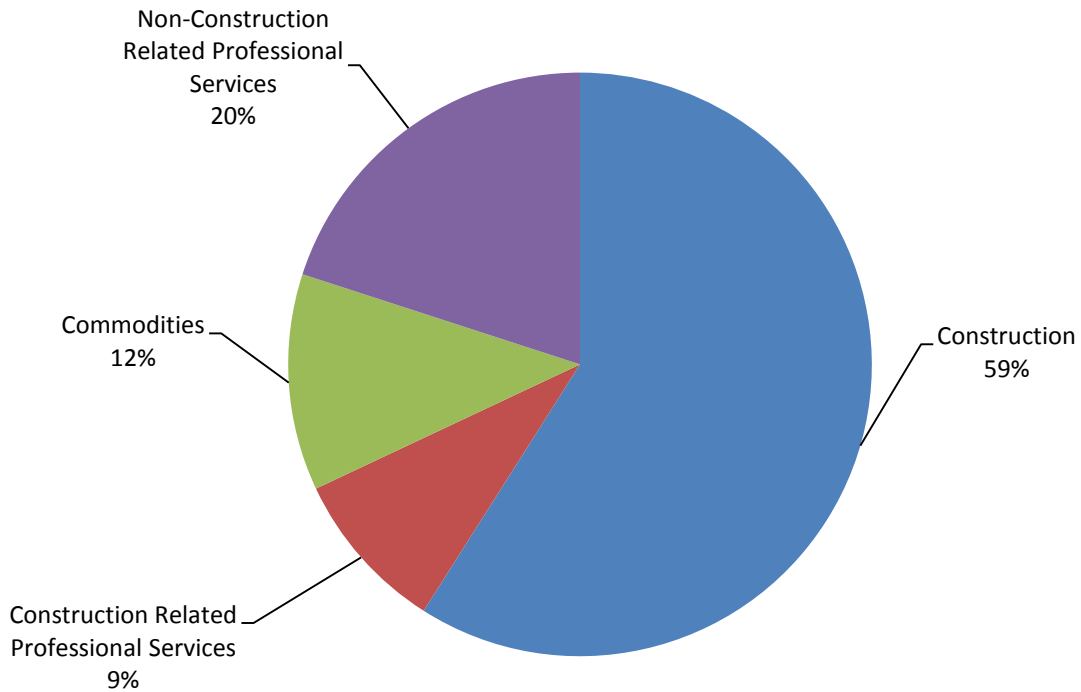

Executive Law Article 15-A (§§ 310-317) governs requirements for the participation of minority- and women-owned business enterprises (“MWBEs”), minority group members and women in New York State contracting. The objective of Article 15-A is to promote equality of economic opportunities for MWBEs, minority group members and women and to eliminate barriers to their participation in state contracting.

The Division of Minority and Women’s Business Development (“DMWBD” or the “Division”) oversees the statewide MWBE program operated by “state agencies” (which includes, inter alia, state agencies and public authorities) as defined by Article 15-A. The Division is charged with three primary functions: (1) to encourage and assist state agencies that are engaged in contracting activities to award a fair share of state contracts to MWBEs; (2) to review applications by businesses seeking certification as an MWBE and to maintain a directory of certified MWBEs; and (3) to promote the business development of MWBEs through education and outreach to agencies and MWBEs.

MWBE Utilization

Monetary Sanctions/Damages from Violations:	\$231,131

*Due to a lack of MWBE firms available to meet goals.

**Due to contractor failure to meet good faith standard.

Updated 2014

New York State Contract System

The State created and implemented an easier to use web-based contract system called the New York State Contract System. The electronic system used by the State to track MWBE utilization was antiquated and had no capacity to track compliance, contract opportunity reporting or allow for on-line state certification applications.

The New York State Contract System enables businesses to easily interact with the state agencies responsible for MWBE contracting and consolidates access to the entire range of procurement information. The system simplifies both the MWBE certification and contract management process.

For the state agencies, the system allows for comprehensive online reporting of activities with MWBE firms, resulting in robust contract monitoring and improved tracking of expenditures.

The new system allows MWBE firms, prime contractors and state agencies to:

- Identify contract opportunities;
- Find bid opportunities;
- Find prime contractors and subcontractors;
- Monitor contractor performance; and
- Obtain certification on-line.
